

Otters Class Newsletter

Friday 26th September 2025

What has been happening this week?

In **RE**, we have explored why God chose Noah to build an ark and the values he may need for this.

In **English**, we have been drawing scenery from a description and describing sea monkeys.

In **Maths**, we have started addition and subtraction – recapping our number bonds and how to bridge 10.

In **Science**, we explored whether temperature effects the state of an object so we melted ice, butter and chocolate. They went from solid to liquid.

Celebrations & Pupil Voice

Work on the Wall: Leo for his efforts in maths and Nigel for his great use of similes when describing sea monkeys.

Headteacher's Award: Hunter for showing courage and putting his hand up more and showing curiosity in his learning.

Shining Stars: May, Millie, Isla, Sofia, Blanche, Georgie, Sebastian, Rose,

Pupil Voice: “The chocolates melting... when can we eat it?”

Reminders & Messages

Thursday 2nd October: Farm School for year 4

Friday 3rd October: Grandparents Tea and Pupil Photos
