

Badgers Class Newsletter.

Friday 5th December 2025

What have the Badgers been up to this week?

- This week was our assessment week. The children have completed a selection of different tests in Maths and English. We have one more test for Year 6 to complete next week (GPS).
- In RE we have been learning about how Christians tackle injustice in the world. We looked at the life of Archbishop Oscar Romero who was a voice for justice.
- We have all completed our torches in DT - every child has made their own torch! They are fantastic! Well done.
- In Geography we have looked at the impact of climate change on Antarctica.
- In Science we carried out our own experiment - the children had to create a shelter to keep a penguin dry in the rain - this was great fun.
- We have painted antarctica landscapes with water colours.
- We have also started practising Christmas Carols - and our classroom is looking super festive.

Celebrations and What the Badgers have to say...

For our 'Work on the Wall' - this week we are celebrating **Orson and Brooke**, Both Orson and Brooke have been picked for their amazing effort, performance and progress with their arithmetic tests this week! Well done!

Our Headteacher's Award is for **Monty** - I have chosen Monty for his curiosity and hard work with homework tasks. He created a very impressive replica of Shackleton's ship Endurance.

Our Pupil Voice: "Can we spin the wheel?"

The excitement over advent chocolate each morning has been a joy!
