

Mice Class Newsletter

Friday 7th February 2025

What has happened this week?

Physical Development ... the children have begun a dancing project with Mrs Horton and loved it

Communication and Language/ Literacy ... Lots of discussion and writing based on the Leopard's drum

Mathematics... The focus this week was odd and even numbers to 10, doubles and finding out how many altogether

Phonics—longer words, we started to chunk words to read them. Tricky words—*are/sure/pure/into/she/push/he/we/me/be/of*

Understanding the World— it was so interesting exploring Space with our visitor this week and a great introduction to our topic for next term which will be Space

The children have enjoyed using junk modelling to produce a range of structures and they have loved the enormous box that Mrs Melville brought into school for them to play with. Their imaginations have run wild!

Reminders & Messages

Work on the Wall: Amariah for her effort and progress in phonics

Headteacher award: JoJo for always showing respect

Farm School for Mice class will be on Thursday 13th February . See Dojo message about timings and transport

Next Friday all parents are invited to our Celebration Worship at 2.45pm
