

# Badgers Class Newsletter

Friday 26th January 2024

## What has been happening this week?

**In English**, we have been editing and redrafting our diary entries

**In Maths**, we have started to explore algebra

**In Science**, we have explored why we use salt on ice

Badgers class loved making bird feeders and going outside to take part in the Schools' Bird Watch event. We saw wood pigeons, blue tits, sparrows, robins a jackdaw and more!

## Celebrations & Pupil Voice

**Work on the Wall:** Scott & Taisia for their Science

**Headteachers Award:** Lottie for Respect and Millie for all our values

**Pupil Voice:** Each week we will hear some thoughts from a member of Badgers Class!

**"Yesterday we looked at ice and how salt effected it. We found out that sodium disrupts the bond between the molecules. Today we did bird watching and making bird feeders. It was interesting and exciting"** Taisia

## Reminders & Messages

- Please look out for our whole school newsletter!
- Parents are invited in to school to join in with activities as part of our Prayer and Reflection week on Tuesday 6th February at 2pm
