

A group of approximately ten children, mostly of elementary school age, are running across a green grassy field towards the camera. They are all wearing bright yellow t-shirts that feature a circular logo with a building and the text "Sealing Air". Several children have their arms raised in the air, and they appear to be shouting or cheering with joyful expressions. In the background, a white soccer goal with a net is visible, and behind that, a dense line of trees with green foliage. The scene is captured in bright, natural daylight.

Core Concepts

Our school is a beacon of light. A place where every child and adult is encouraged to shine brightly and reach their full potential. Through curiosity, courage, and compassion, we shine like a lamp in our classrooms, like a village on a hill in our community, and like shining stars across the wider world.

At Stelling Minnis subjects are taught discretely and delivered as separate, distinct lessons. Our core concepts allow for our pupils to make links, question and think beyond the classroom. These core concepts are shared across the school to enable children to compare and share their learning with our school community.

Where you see the leaf logo, farming and sustainability links are made, an important reflection of our local, rural context. More information about our farm and outdoor curriculum may be found on our school website.

Year A Curriculum: Core Concepts

Autumn	Spring	Summer
Impact & Power	Perspective & Empathy	Celebration & Change

Year B Curriculum: Core Concepts

Autumn	Spring	Summer
Responsibility & Risk	Culture & Diversity	Reflection & Legacy
