“We Survived the Heatwave of June 2026”

Well done everyone - we made it to Friday. Super grateful for the sunshine but oh it's been a warm one.

What have the Badgers been up to this week?

This week the children finished their extended writing pieces in English - everyone has completed a letter. A particular well done to the Year 6s for their writing. The children have also researched their characters for the play and created PowerPoints for these - well done!

In Maths this week we have been looking at long division and recapped short division and long division. We also did a lesson covering what prime numbers are. In RE we have been looking at the Jewish place of worship - a synagogue and why they are special to Jewish people. In Science our learning has been about Natural Selection - we have begun learning about what it is and how it's linked to evolution.

In PE the children have been busy preparing for Sports Day and District Sports.

Our new core concept for the summer term is:

Celebration and Change

This week we have had some afternoon Matilda rehearsals and will catch up with art and geography next week. Our mission this week has been to stay cool and calm.

Celebrations and What the Badgers have to say...

This week For our **'Work on the Wall'** - this week we are celebrating **Milo** and **Lily**. I have chosen both Milo and Lily for their excellent letters inspired by the book 'The Day the Crayons Quit' **Our Headteacher's Award** - this week I would like to celebrate **Bonnie** - This week I have chosen Bonnie for being a courageous advocate - as part of her 'choose your own' homework Bonnie has been doing jobs and chores at home to save her pocket money ; Bonnie wanted to save enough to buy everyone at school an ice pole. Bonnie handed these out on Tuesday - thank you Bonnie for showing such kindness and compassion.

Our Pupil Voice: "Its been HOT!"
