

Squirrels Class Newsletter.

13th March 2026

What have the Squirrels been up to this week?

- In **RE**, we reminded ourselves why Easter is important. What we think of when we think of Easter and why eggs are associated with Easter?
- In **English**, we were back to this term's book 'The Robot and the Bluebird.' We discussed how the Robot would have felt being left alone and abandoned on the scrapheap before meeting a new friend.
- In **Maths**, we have started our topic of multiplication and division. We have been revising some timetables as well as working on new ones. We have been practising our 2, 3, 5 and 10 times table if you want to test your Squirrels.

Our Core concept this term is:

Perception and Empathy

In history, we looked at landmarks of the village, and which ones are old and which ones are modern. Mrs Melville was kind enough to bring some photos of when she was at the school (this went under the modern category I promise. Thank you, Mrs Melville.) In DT, we investigated how different 'windmill' designs spin. We experimented on pinwheels, changing the blades to see if we could make them spin faster.

Celebrations and What the Squirrels have to say...

For our 'Work on the Wall'

-Year 1: In English, we were comparing the two main characters in the story and **Arthur** came up with some lovely ideas and filled in a venn diagram incredibly well.

-Year 2: **Rupert** has consistently flown in maths recently. This week, Rupert has finished his normal worksheet, a second worksheet and then a challenge question as well.

Our Headteacher's Award

Roscoe has had a really positive attitude to his learning this week, excited to show others his work and his homework as well earning himself lots of smelly stickers.

Our Pupil Voice

Miss Smithson: Thank you for showing us your homemade Easter biscuit homework, are you going to eat it at lunchtime?

Holly: No, I made it for my sister, I think she would like it.

Important Information:

- PE is on Tuesday afternoons.
- Welly Wednesday is on Wednesday mornings.
- Next week is parents evening on Tuesday 17th and Thursday 19th. If you have not booked in, please message.
- Tuesday there is a science worship for the children.
- Friday is Red Nose Day

Teacher Message:

A massive thank you to Miss Lee and Mrs Melville for the effort they put in every day.

From bringing in plants to encourage the children's learning to making sure everything is special for the Mother's day tea.

Thank you.
