

Mice Class Newsletter

Friday 31st January 2025

What has happened this week?

Physical Development ... some great balancing, rolling and climbing in gymnastics

Communication and Language/ Literacy ... We have read and begun to discuss *The Leopard's drum* by Jessica Souham, an Asante tale from West Africa

Mathematics... This week we have looked at the numbers 6/7 and 8. We have explored the different ways you can make these numbers as well as practising writing them correctly

Phonics—air/er/and double letters, Tricky words—my/by/all/no/go/are/sure/pure

Understanding the World—lots of interest in finding out about Lunar New Year, using chopsticks with noodles and learning that this year it is the Year of the Snake

The children have produced some lovely art using water colours to paint a winter sky and adding the silhouette of penguins

Reminders & Messages

Work on the Wall: Freya for her maths work on the number 6

Headteacher award: Fen for his perseverance in phonics

Farm School for Mice class will be on Thursday 13th February

The Planetarium show will be in school on Wednesday morning for the children to enjoy
