

Otters Class Newsletter

Friday 29th November 2024

What has been happening this week?

In **RE**, we debated and discussed some key questions about God, Jesus and Christmas. We had some very interesting discussions.

In **English**, we looked at subordinating and coordinating conjunctions, did some reading comprehension and added some more to our poetry anthology.

In **Maths**, we did lots of Times Table practice, consolidated our learning from the past two terms and then completed our Christmas Maths Assessment.

In **Science**, we explored which materials are good conductors and insulators of electricity and found that metal is a good conductor.

Celebrations & Pupil Voice

Work on the Wall: Nigel and William for their amazing efforts in their Maths assessments

Headteacher's Award: May and Rosie for their love and respect all the time.

Shining Stars: All of Otters for their amazing efforts this week.

Pupil Voice: "When can we talk about Christmas?"

Reminders & Messages

Friday 6th December – Farm School for Year 4.

Please can children bring in a spare change of clothes (school uniform) and shoes and socks to wear after Tag Rugby.
